EXPERIENCE A NIGHT OF MAGIC AT THE GOLD MUSEUM

Treat your delegates to an exclusive behind-the-scenes tour of one of Costa Rica's most iconic museums. Deep beneath la Plaza de la Cultura in the heart of San José, the Gold Museum houses 1600 golden treasures from the Pre-Columbia period dating back to 500 AD.

The Museum offers a unique experience called 'Gold Night' where expert, bilingual guides provide a private view of this magnificent exhibition. Enjoy cocktails or a gala dinner in the stunningly re-created tropical forest. Each guest also takes home with them a golden souvenir and has the opportunity to purchase unique works from native craftsmen.

FEAST YOUR EYES OVER COCKTAILS AT THE JADE MUSEUM

Give a different twist to your event by inviting your participants to enjoy cocktails at the Jade Museum with breathtaking views over the San José skyline from the museum's 11th floor vantage point atop the INS (National Insurance Company) opposite Park Spain.

More precious than gold, jade was an important commodity in pre-Columbian Mexico and Central America and this popular museum houses one of the world's greatest collections of jade artefacts dating from 500 B.C. to A.D. 800. Be sure to take in the terracotta vases, bowls, and figurines during your visit. You will be surprised at how modern the designs seem, showing just how advanced craftsmanship was in this era. Look out for one particularly fascinating piece: a vase which has human teeth incorporated into its pattern!

LEARN TO PLAY THE MARIMBA

With our hands-on Speaker, you can get a lot closer to Costa Rican culture by learning about the marimba – one of the country's most popular musical instruments.

Similar to a xylophone, the marimba is much-loved in Costa Rica for its gentle and peaceful sound reminiscent of the Costa Rican character itself and will bring style and harmony to your event.

This authentic cultural session can be tailored around you – so you can learn about the marimba during lunch, dinner or over cocktails or coffee.

GO BACK TO SCHOOL AND HELP **DISADVANTAGED** **CHILDREN**

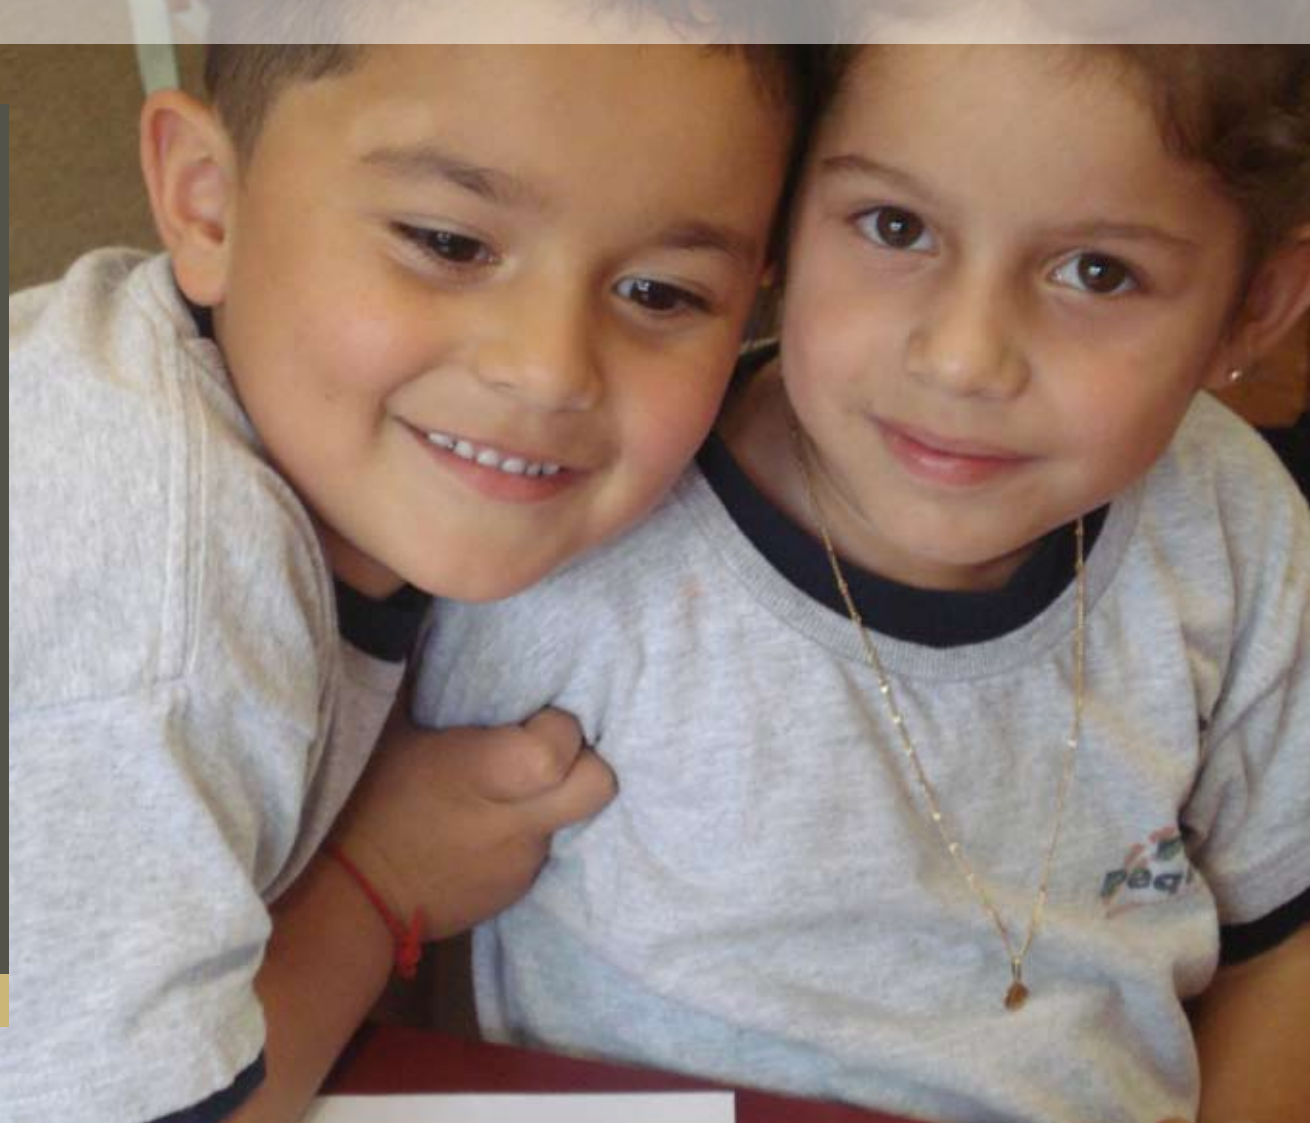

You and your group are invited to spend time at the Don Bosco Institute – a school for some of Costa Rica's least privileged children. You can interact directly with the children, playing games and taking part in activities, as well as helping out with general tasks.

The school has a novel approach to education – building recreational facilities like playgrounds, soccer fields and basketball courts, before building any classrooms. Children come to play, and eventually, they stay to learn.

A donation of \$1 for every person in your group will also be given to help teach children a trade so they can get a job and a future.

ENJOY EL CAFÉ AT ITS BEST WITH OUR MASTER COFFEE MAKERS

The name 'coffee' comes from the Turkish 'cahvé', but it is believed that this much-loved drink originally came from Ethiopia.

Use your break-time to discover the fascinating history of coffee – and try a few different flavours!

When coffee plants first arrived in Costa Rica, locals used them to decorate their patios. Then in the early 1800s the Costa Rican government began to encourage families to grow coffee for export. And so the Grano de Oro or 'Golden Grains' became the key to Costa Rica's subsequent wealth and development.
