ENRICHING EXPERIENCES FOR OUR GUESTS AND OUR ENVIRONMENT

We believe that a responsible meeting is not only what you experience in the meeting room but also knowing that your hotel respects the destination around it.

We're proud to partner the leaders in geotourism, the National Geographic Center for Sustainable Destinations. Our ambition is that guests enjoy enriching experiences that reveal what makes a place truly special – its heritage, culture and tradition – and the importance of protecting it.

At InterContinental we use a holistic approach to being a responsible business: to work from the grass roots up, recognising each individual hotel team as the experts best placed to use their local knowledge for developing community and environmental initiatives that meet the specific needs of the destination. This Insider Collection gives delegates access to some of these unique experiences, and for those meetings that stay in the meeting room, you can be assured our hotel is working behind the scenes to protect what is special about the place for fellow travellers.

Here is an opportunity for your delegates to work as a team and contribute to a very worthwhile local project. The Daily Bread Food Bank was founded in 1981 and works to reduce hunger by reducing waste. Every month around 1.8 million pounds of food donations from farmers, processors, grocers and restaurants are distributed through a network of not-for-profit agencies to hungry South Floridians, including children, the elderly, the unemployed and the working poor, the disabled, the homeless, and victims of natural disasters, illness and violence.

Much of what is done at Daily Bread Food Bank depends on volunteer help in the warehouse. Your delegates are invited to help sort, check and repackage the donated goods ready to send out to the needy.
